His last place of foreign residence was shown as Marseilles, France, and he entered the United States at Rouses Point, New York, under the name ELIAS STEIN on 11/11/45. His Alien Registration number was shown as A 7 595 288.

The witnesses to this petition were [redacted]

[redacted] witnesses claimed [redacted]

[redacted] and stated he had resided continuously in the United States since 6/21/51. [redacted] further stated subject was not absent from the United States since 1947. Witness [redacted] reported that subject was absent from the United States on three occasions, not to exceed six weeks on each occasion.

Subject was naturalized before USDC, SDNY, 4/22/52, and was issued Certificate of Naturalization No. 6355401.

Miscellaneous correspondence in the file, which does not appear to be complete, reflects subject entered the U. S. with his family in 1941. Subject, upon reaching the age of 14 years, did not appear at the INS Office to complete certain forms. Subsequent material in the file indicates INS, therefore, considered subject in the country illegally and was considering deportation proceedings against subject. This may account for the entry of subject at Rouses Point, New York, on 11/11/45. (Information contained in the above paragraph should not be incorporated into correspondence prepared for dissemination as the INS file was vague and appeared to be incomplete concerning the deportation proceedings and re-entry.)

Subject was under investigation by INS for the purpose of revocation of naturalization. Investigation was based on an anonymous letter to the Director of the FBI, dated 10/11/54. INS investigation failed to substantiate the allegations that subject was or had been a member of the Communist Party.

(Chicago's attention is directed to the report of SA [redacted] 2/28/56 at Chicago, captioned [redacted] Intelligence Research Specialist, Division of Research for Western Europe, Department of State, WDC - SGE.)
